## **PART I—FUNDING OPPORTUNITY DESCRIPTION**

### **A. Legislative Authority and Background**

Section 3(d) of the Smith-Lever Act provides that the Secretary of Agriculture may fund extension work in U.S. States, Territories, and possessions. Section 1425 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (as amended) (7 U.S.C. 3175) is also known as the Expanded Food and Nutrition Education Program (EFNEP). This law provides the basis for Federal funding for extension activities associated with disseminating the results of food and nutrition research performed or funded by the U.S. Department of Agriculture to enable low-income individuals and families to engage in nutritionally sound food purchases and preparation practices. Funding extends to EFNEP at State land-grant colleges established under the Morrill Act of July 2, 1862, as amended, and the Morrill Act of August 30, 1890, as amended, including Tuskegee University, West Virginia State University, and Central State University.

Further, in accordance with Section 7129 of the Agricultural Act of 2014 (House Conference Report 113-333, to accompany H.R. 2642), Central State University has the designation as an 1890 Institution and is eligible to receive funds under this program beginning in Fiscal Year 2016.

Section 7116 of the Food, Conservation, and Energy Act of 2008 (FCEA) amended Section 1425 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3175) to accomplish the following:

Notwithstanding section 3(d) of the Smith-Lever Act of May 8, 1914 (7 U.S.C. 343(d)) for administration, technical, and other services for coordinating the extension work of the Department and the several States, Territories, and possessions the remainder shall be allocated among the States as follows:

1. 1862 Institutions shall receive a base in an amount equaling their FY 1981 allocation.
2. Four percent (4%) shall be available for administrative expenses.
3. \$100,000 will be distributed to each 1862 and 1890 Land-Grant Institution including the University of the District of Columbia.
4. For fiscal year (FY) 2016 – 15 percent of funds appropriated for EFNEP in excess of funds appropriated in FY 2007 will be allocated to the 1890 Institutions in an amount that bearing the same ratio to the population living at or below 125 percent of the poverty level (as prescribed by the Office of Management and Budget and as adjusted pursuant to section 673(2) of the Community Services Block Grant Act (42 U.S.C.9902(2)) in the State where the 1890 Institution is located; bears to the total population living at or below 125 percent of the poverty level in all States where 1890 Institutions are located; as determined by the most recent decennial census at the time when the appropriated amount first exceeds levels appropriated for EFNEP in FY 2007.
5. The remainder will be allocated to each State in an amount that bears the same ratio to the total amount allocated as the population living at or below 125 percent of the poverty level in the State; bears to the total population living at or below 125 percent of poverty level in all States; as

determined by the most recent decennial census at the time at which each such additional amount is first appropriated.

Please note that the submission of this application package does not change the following:

- Delegated authorities of the State Extension Director or 1890 Extension Administrator;
- How funds are managed at your institution; and
- Indirect costs and tuition remission are unallowable costs.

## **B. Purpose**

The purpose of this funding is to increase the impact of nutrition education disseminated to low-income families and youth in the 50 states, the U.S. territories, and the District of Columbia.

The Expanded Food and Nutrition Education Program (EFNEP) should constitute the employment and training of professional and paraprofessional (peer educator) staff to engage in direct nutrition education and other appropriate nutrition education efforts with low-income families and youth. To the maximum extent practicable, peer educators shall be hired from the “indigenous target population<sup>1</sup>.”

EFNEP serves two primary low-income audiences: 1) families with young children (parents and other caregivers with primary responsibility for feeding young children); and 2) youth/children (grade range - kindergarten through 12th grade).

The priorities of EFNEP are to assist low-income families and youth in acquiring knowledge, skills, attitudes, and changed behaviors necessary for nutritionally sound diets and to contribute to their personal development and improvement of the total family diet and nutritional well-being. Participation in EFNEP should result in improved diets and nutritional well-being of the total family.

Individuals and families should experience improvements in four core areas:

- Diet Quality and Physical Activity—Improved diets and nutritional and physical well-being through the adoption of federal food and physical activity recommendations.
- Food Resource Management—Increased ability to buy, grow, or otherwise appropriately obtain, prepare, and store food that meets nutritional needs.
- Food Safety—Improved household food safety and sanitation practices.
- Food Security—Increased ability to get food directly—and from food assistance programs where necessary—to ensure having enough healthy food to eat.

Community involvement with EFNEP should result in:

- Increased referrals across programs, organizations, and community groups to address participants’ needs and to strengthen universities’ capacity with respect to EFNEP’s four core areas.
- Increased coordination, cooperation, and collaboration between universities and communities to accomplish local and state identified priorities associated with EFNEP’s four core areas.

## **PART IV—APPLICATION AND SUBMISSION INFORMATION**

### **A. Electronic Application Package**

Only electronic applications may be submitted via Grants.gov to NIFA in response to this RFA. We urge you to submit early to the Grants.gov system. For an overview of the Grants.gov application process see <http://www.grants.gov/web/grants/applicants/grant-application-process.html>.

#### **New Users of Grants.gov**

Prior to preparing an application, we recommend that the Project Director/Principal Investigator (PD/PI) first contact an Authorized Representative (AR, also referred to as Authorized Organizational Representative or AOR)<sup>2</sup> (see B.,1.,d. of this Part) to determine if the organization is prepared to submit electronic applications through Grants.gov. If not (e.g., the institution/organization is new to the electronic grant application process through Grants.gov), then you must complete the one-time registration process **PRIOR** to submitting an application. It can take as long as 2 weeks to complete the registration process so it is critical to begin as soon as possible. In such situations, the AR should go to **“Register” in the top right corner of the Grants.gov web page (or go to <http://www.grants.gov/web/grants/register.html>) for information on registering the institution/organization with Grants.gov.** Item 2. below mentions the “NIFA Grants.gov Application Guide.” Part II., 1. of the NIFA Grants.gov Application Guide contains additional explanatory language regarding the registration process.

#### **Steps to Obtain Application Package Materials**

To receive application materials:

1. You must download and install a version of Adobe Reader compatible with Grants.gov to access, complete, and submit applications. For basic system requirements and download instructions, see <http://www.grants.gov/web/grants/support/technical-support/software/adobe-reader-compatibility.html>. Grants.gov has a test package that will help you determine whether your current version of Adobe Reader is compatible.

---

<sup>2</sup>The Authorized Representative (AR) must have the authority to represent and bind the organization for any agreement (i.e., the individual who is authorized to commit the awardee’s time and other resources to the project, to commit the awardee to comply with the terms and conditions of the award instrument including those set out herein, and to otherwise act for or on behalf of the awardee institution or organization).

2. To obtain the application package from Grants.gov, go to <http://www.grants.gov/web/grants/applicants/apply-for-grants.html>. Under Step 1 click on “Download a Grant Application Package,” and enter the funding opportunity number USDA-NIFA-SLBCD-005315 in the appropriate box and click “Download Package.” From the search results, click “Download” to access the application package.

The application package contains the “NIFA Grants.gov Application Guide.” This guide contains an introduction and general Grants.gov instructions, information about how to use a Grant Application Package in Grants.gov, and instructions on how to complete the application forms.

**If you require assistance to access the application package** (e.g., downloading or navigating Adobe forms) **or submitting the application**, refer to resources available on the Grants.gov website (<http://www.grants.gov/web/grants/applicants/applicant-resources.html>). We will provide you forms for use in fulfilling these requirements as part of the preaward process. Although an applicant may be eligible, there are factors that may exclude an applicant from receiving federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual involved or a determination that an applicant is not responsible based on submitted organizational management information).

The actual due date will be announced over the EFNEP listservs.

Instructions for submitting reporting requirements through WebNEERS are available on the EFNEP Reporting Requirements Webpage – <http://nifa.usda.gov/efnep-reporting-requirements>. If you need information about or access to WebNEERS, contact your university's EFNEP Coordinator.
